The Imperial Valley Water Authority Implementation documents to comply with The Illinois Freedom of Information Act

Updated this 2\textsuperscript{nd} day of January, 2018
RECORDS THAT MAY AUTOMATICALLY BE RELEASED:

Pursuant to the Illinois Freedom of Information Act, the Freedom of Information Act Officer for the Imperial Valley Water Authority has determined that the following documents or categories of records shall be immediately disclosed upon written request:

1. Minutes of all open meetings that have been approved by the Trustees.
2. Minutes of all executive sessions that have been approved by the Trustees and authorized to be released to the public.
3. All Ordinances that have been adopted.
4. Written reports from the Treasurer.
The Imperial Valley Water Authority is a water authority organized by citizen referendum pursuant to 70 ILCS 3715/0.01 et.al. The purpose of Imperial Valley Water Authority is, in general, to manage the quantity of underground water in the territory of the Water Authority. The Imperial Valley Water Authority performs the duties and exercises the powers granted in the Illinois Water Authorities Act, 70 ILCS 3715/0.01 et.al.

There are four Trustees of the Imperial Valley Water Authority. Three of the Trustees are appointed by the Mason County Board. One of the Trustees is appointed by the Tazewell County Board. Each Trustee serves a three year term. The terms are staggered so that each year the position of one of the Mason County Trustees comes up for reappointment and every three years the Tazewell County Trustee comes up for reappointment. The Trustees among themselves each year select one Trustee to serve as Chairman, one to serve as Secretary and one to serve as Treasurer of the Water Authority.

The Water Authority has the powers that are set forth in the Illinois Water Authorities Act, including but not limited to those that are delineated in 70 ILCS 3715/6. However, the provisions of the Illinois Water Authority Act do not apply to those uses that are exempt under 70 ILCS 3715/8, which consists of water used for agricultural purposes, farm irrigation or water used for domestic purposes not to exceed four families that are supplied from the same well or immediate source. The Water Authority has developed a Regulatory Ordinance to implement the powers conferred upon it regarding management of the aquifer.

The Freedom of Information Act requires that the operating budget of each government entity be furnished in the Informational Directory. However, “operating budget” is not defined in the Freedom of Information Act. Water Authorities are not required to engage in true “budgeting” under Illinois law. Based upon the presumption that the Appropriation Ordinance is the operating budget of the Imperial Valley Water Authority, the Appropriation information is provided. The Imperial Valley Water Authority’s total 2017-2018 Appropriation is $72,235.00. The Appropriation Ordinance for the Water Authority does not reflect the actual expenditures of the Water Authority, but rather reflects the legal maximum expenditures of the Water Authority. The fiscal year of the Imperial Valley Water Authority is from April 1st through March 30th. The Imperial Valley Water Authority has no office. The Imperial Valley Water Authority regularly uses the Mason County Board Room at the Mason County Courthouse, Havana, Illinois for its meetings. The Imperial Valley Water Authority currently does not employ any full time employees and the Trustees are the only part time employees.
The members of the boards, commissions and committees of Imperial Valley Water Authority are as follows:

Board of Trustees:

Appointed by Mason County:

Jeff Smith   Chairman   (Term Expires 12/01/2018)
Don Osborne, Jr. Trustee   (Term Expires 12/01/2020)
